All students are to be out of the school building by 3:20 p.m., unless they are under faculty/supervision for after school activities. If there is a late start due to weather, classes will begin at 10:00 a.m. in the building. Students will not be allowed in the building before 9:30 a.m. on these days.**

Calendar

The school calendar is adopted annually by the school board. A copy of the school calendar can be found **the school's administrative office** and on the school district's website at www.rlb.mntm.org.

Class Assignments

Classroom assignments are within the school district's discretion. Students will be informed of classroom assignments in early August for the upcoming school year. Requests for changes to classroom assignments will be considered, if there are more than one section of a class, and/or more than one teacher of a class or grade level. Any change is required to have a parent meeting with the school administrator before a change can be made.

Complaints

Students, parents/guardians, employees, or other persons may report concerns or complaints to the school district. Complaints may be either written or oral. People are encouraged, but not required, to file a written complaint at the building level where appropriate. The appropriate administrator will respond in writing to the complaining party regarding the school district's response to the complaint.

Employment Background Checks

The school district will seek criminal history background checks for all applicants who receive an offer of employment with the school district. The school district also will seek criminal history background checks for all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether compensation is paid. These positions include, but are not limited to, all athletic coaches, extracurricular academic coaches, assistants, and advisors. The school district may elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

Equal Access to School Facilities

The school district has created a limited open forum for secondary students to conduct non-curriculum-related meetings during non-instructional time. The school district will not discriminate against or deny equal access or a fair opportunity on the basis of the religious, political, philosophical, or other content of the speech at such meetings. These limited open forum meetings will be voluntary and student initiated; will not be school sponsored; employees or agents of the school will be present at religious meetings only in a non-participatory capacity; the meetings will not interfere with the orderly conduct of educational activities within the school; and non-school persons will not direct, control, or regularly attend activities of student groups. All meetings under this provision must follow the procedures established by the school district.

OFFER VERSUS SERVE NOTIFICATION TO PARENTS **RL/B SCHOOLS**

Dear Parent or Guardian:

In 1976, the "School Lunch Pattern Requirements" were amended to include the "offer versus serve" provision. This provision is required at the senior high level. At the beginning of the 1981-82 school year, the offer versus serve provision was extended to all students, if the local school food authority so desired. Our district provides "offer versus serve" to grades PreK through 8th Grade at the Brewster building. Offer versus serve is designed to decrease plate waste and reduce food cost while maintaining the nutritional integrity of the lunch.

Under the offer versus serve provision, students must be offered the five food items of the school lunch pattern in the required amounts but have the option of selecting, at a minimum, three of the five food items offered at the Brewster building. The school lunch pattern that must be offered to all students is:

For grades 7-8 the school lunch includes:

- Fluid Milk 8 ounces
- Meat/Meat Alternate 2 ounces
- Grains/Breads 1/day; 15/week
- Vegetables/Fruits 1 cup

* At least two different vegetables and/or fruits must be served each day.

For grades K-6*, the school lunch includes: (*there is an optional group for K-3)

- Fluid Milk 8 ounces
- Meat/Meat Alternate 2 ounces
- Grains/Breads 1/day; 12/week
- Vegetables/Fruits $\frac{3}{4}$ c. per day + $\frac{1}{2}$ c. per week

*At least two different vegetables and/or fruits must be served each day.

We encourage you to review the school lunch menu to make informed choices.

Please be aware that one set unit price will be charged regardless of whether or not all five-food items are selected.

Because children are in the process of learning to make good food choices, they need help in choosing what they eat. We encourage you to review the school lunch menu with your children to help them decide what to select. If there is an unfamiliar or unpopular food item on the menu, children

should be encouraged to try a “taste” rather than refuse it totally, thus introducing the students to new foods. The five food items were designed specifically to provide a lunch consisting of one-third of a child’s daily needs; therefore, selecting all five-food items daily should be encouraged.

The cooks working with these programs are committed to producing quality meals that are nutritious and appealing to children. Any suggestions you may have to further improve the program are welcome.

According to the July 2001 board policy, no lunch money refunds will be made at the end of the year. The account will be carried over to the next school year, with the exception of seniors. End of year balances for sixth grade students at Brewster Elementary will transfer to their Round Lake lunch account the following year.

Ray Hassing
Superintendent

MILK TICKETS

Grades 1-3 will have a milk break in the afternoon. Students may purchase a milk ticket worth 20 punches for \$8.00 in the elementary office. Kindergarten students receive free milk in the afternoon from the Minnesota Special Milk Program.

Messages to Students

Office telephones are not for students’ personal use. Students will not be called out of class to receive phone messages except in the event of an emergency. Personal cell phone use during the instructional day is also prohibited.

Cell Phones: are not allowed in the classroom or hallways during the school day, except for during lunch time in the school cafeteria. If a student brings a cell phone to school, it is expected to be shut off and kept in their locker. Teachers will ask students for their cell phones at the beginning of each class period. The students will be expected to turn their phones off and hand them to the teacher at the beginning of each class period, if they have it in their possession. Failure to comply with this policy will result in the following consequences:

- 1. 1st Offense= 2 Detentions. Phone will be turned into the school office for the remainder of the school day, and returned to the student at the end of the day after the administration has been able to contact the parents.***
- 2. 2nd Offense=4 detentions and the cell phone will be kept in the school office until the end of the day. Parent will be expected to come to the school office and pick up the phone at the end of the school day.***
- 3. 3rd Offense=1 day of in school suspension. School will hold the school phone until the end of the of the next school day, and then will return the phone to the parent, who will be expected to pick up the phone at school.***
- 4. 4th Offense: 2 days of in school suspension. School will hold the school phone until the end of the of the next school day, and then will return the phone to the parent, who will be expected to pick up the phone at school.***

5. *Any student caught using a cell phone during a test or assignment will receive a "0" for a score, and will not have the ability to re-due their assignment.*

*****A school staff member has the right to ask a student for their cell phone at any time, if the student refuses to give the staff member their phone when asked the consequence will be an automatic 1 day of in school suspension.*****

Nondiscrimination

The school district is committed to inclusive education and providing an equal educational opportunity for all students. The school district does not discriminate on the basis of race, color, creed, religion, national origin, sex, marital status, parental status, status with regard to public assistance, disability, sexual orientation, or age in its programs and activities. The school board has designated **Mr. Hassing, Superintendent**, as the district's human rights officer to handle inquiries regarding nondiscrimination.

Notice of Violent Behavior by Students

The school district will give notice to teachers and other appropriate school district staff before students with a history of violent behavior are placed in their classrooms. Prior to giving this notice, district officials will inform the student's parent or guardian that the notice will be given. The student's parents/guardians have the right to review and challenge their child's records, including the data documenting the history of violent behavior.

Parent and Teacher Conferences

Parent and teacher conferences will be held **four times during the school year. School Conferences will be held on November 17, November 22, March 30, and April 6 from 3:30pm-7:00pm.** For more information, contact the building principal.

Parent Volunteers

Parents/guardians are welcome in the schools and are encouraged to volunteer in their children's classrooms. To volunteer in the school district, parents/guardians should speak to the **school administration**. To volunteer in the school building or classroom, parents/guardians should contact the **school administrator and classroom teacher**. Parents/guardians who visit the school are expected to sign in at the **school office** before entering a classroom. **All parent volunteers must have prior permission from the classroom teacher and school administration before being allowed to volunteer.**

Pledge of Allegiance

Students will recite the Pledge of Allegiance to the flag of the United States of America **on a daily basis**. Any person who does not wish to participate in reciting the Pledge of Allegiance for any personal reason

may elect not to do so. Students must respect another person's right to make that choice. Students will also receive instruction in the proper etiquette toward, correct display of, and respect for the flag.

School Activities

The school district provides opportunities for students to pursue special interests that contribute to their physical, mental, and emotional health; however, instruction is the school district's priority.

Students who participate in school-sponsored activities are expected to responsibly represent the school and community. All rules pertaining to student conduct and student discipline apply to school activities.

All spectators at school-sponsored activities are expected to behave appropriately. Students and employees may be subject to discipline and parents/guardians and other spectators may be subject to sanctions for inappropriate, illegal, or unsportsmanlike behavior at these activities or events.

The **Round Lake/Brewster** School District will be joined with Heron Lake-Okabena Public Schools for middle school activities. HLO/SSC is a member of the Minnesota State High School League (MSHSL). Students who participate in MSHSL activities must also abide by the MSHSL rules. The district will enforce all MSHSL rules during the school year and in the summer where applicable.

ACADEMIC ELIGIBILITY POLICY

The academic accountability of our students is of utmost importance in meeting the mission of our school. It is the responsibility of the student, parents, teachers, coaches and administration to recognize that academic achievement should be the primary goal of education. Students who wish to participate in extra-curricular activities must understand that this is a privilege. With this privilege comes the responsibility of maintaining passing grades in order to be eligible to participate.

Academic Ineligibility

In an effort to remind students of their responsibility to maintain passing grades, the Principal will attempt to meet with students who are in danger of losing their academic eligibility approximately one week before grades are checked for eligibility.

Grades will be checked for eligibility eight (8) times throughout the year, every 4 ½ weeks. If a student has one or more failing grade(s) at the time grades are checked, he/she will become ineligible to play or perform in public for one week (7) days. **The (7-day) period of ineligibility will run from Monday through Sunday after grades are checked. Grades will normally be checked on the Friday preceding the ineligibility period.** A student may continue to attend practice while ineligible. If not passing after the initial week of ineligibility, the student will continue to remain ineligible for concurrent one-week intervals of time until they have restored their eligibility. (See Restoring Eligibility)

Restoring Eligibility

Once a student becomes ineligible, he/she must attend a mandatory academic recovery session or study block during the week of ineligibility and achieve a passing grade in order to regain eligibility status. Academic Recovery Sessions or study block times will be held on a designated day after school. Failure to attend the academic

recovery session or comply with study session guidelines will result in an additional week (7 days) of ineligibility. A student becomes eligible to participate only after they have met the following conditions.

1. Attended the required weekly academic recovery session/study block.
2. Served the 7 day period of ineligibility.
3. Achieved a passing grade.

Note: If a student fails to achieve a passing grade after the initial week of ineligibility, the student will continue to remain ineligible for concurrent one-week intervals until such time a passing grade is achieved.

- The procedure for petitioning off the restriction list is as follows:
 - Student must secure an *eligibility form* from the high school office.
 - Student must have the teacher(s) requesting the restriction sign the *form* verifying that an acceptable level of performance has been achieved.
 - Student must return the *form* to the office.
 - The Superintendent/Principal/Activities Director will restore privileges and notify coaches/directors of the student’s eligibility.
 - The ineligible period is from Monday to Sunday.
- Appeal process – If a student believes that she/he has grounds to appeal the ineligibility, an appeals board will meet with the student and the student’s parents prior to the restriction period to review the appeal. The appeals board will consist of the student’s teachers, the Activities Director, the Principal, and the guidance instructor. Upon hearing the appeal, the board will vote “yes” or “no” to the appeal. A majority vote stands.

ACTIVITIES

The school board of Round Lake/Brewster recognize the following activities at the RL-B Middle School. Other activities may be added to this list at the discretion of school administration.

Baseball	Basketball	Football	Hockey
Math Counts	Musicals/Plays	National Honor Soc.	Softball

- 2. Complete the necessary application process.***

School Closing Procedures

School may be cancelled when the administration believes the safety of students and employees is threatened by severe weather or other circumstances. The administration will make a decision about closing school or school buildings as early in the day as possible. School closing announcements will be broadcast over the Honeywell Instant Alert System, as well as local radio stations, and KELO land and KSFY television stations.

Searches

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in their desks, lockers, or vehicles parked on school property. "Contraband" means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, where appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

Lockers and Personal Possessions Within a Locker

According to state law, school lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

Students' personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials will provide notice of the search to students whose lockers were searched, unless disclosure would impede an ongoing investigation by police or school officials.

Desks

School desks are the property of the school district. At no time does the school relinquish its exclusive control of desks provided for the convenience of students. Inspection of the interior of desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

Personal Possessions and Student's Person

The personal possessions of a student and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

Vehicles on Campus

-All vehicles on school grounds and on the public streets surrounding each school, which are used for student parking, are subject to be searched.

Patrols and Inspections

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

Search of the Interior of a Student's Motor Vehicle

The interior of a student's motor vehicle in a school district location, including the glove and trunk compartments, may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to withdrawal of parking privileges and to discipline if the student refuses to open a locked motor vehicle or its compartments under the student's control upon the request of a school official.

Student Publications and Materials

The policy of the school district is to protect students' free speech rights while, at the same time, preserving the district's obligation to provide a learning environment that is free of disruption. All school publications are under the supervision of the building principal and/or sponsor. Non-school-sponsored

Distribution of Nonschool-Sponsored Materials on School Premises

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes distributing non-school-sponsored material, subject to school district regulations and procedures, at a reasonable time and place and in a reasonable manner. For detailed information, see the complete "Distribution of Non-school-Sponsored Materials on School Premises by Students and Employees" policy in *Appendix 2*.

School-Sponsored Student Publications

The school district may exercise editorial control over the style and content of student expression in school-sponsored publications and activities. Faculty advisors shall supervise student writers to ensure compliance with the law and school district policies. Students producing official school publications and participating in school activities will be under the supervision of a faculty advisor and the school

principal. “Official school publications” means school newspapers, yearbooks, or material produced in communications, journalism, or other writing classes as part of the curriculum. Expression in an official school publication or school-sponsored activity is prohibited when the material:

- Is obscene to minors;
- Is libelous or slanderous;
- Advertises or promotes any product or service not permitted for minors by law;
- Encourages students to commit illegal acts or violate school regulations or substantially disrupts the orderly operation of school or school activities;
- Expresses or advocates sexual, racial, or religious harassment or violence or prejudice;
- Is distributed or displayed in violation of time, place, and manner regulations.

Expression in an official school publication or school-sponsored activity is subject to editorial control by the school district over the style and content when the school district’s actions are reasonably related to legitimate pedagogical concerns. Official school publications may be distributed at reasonable times and locations.

Student Records

Student records are classified as public, private, or confidential. State and federal laws protect student records from unauthorized inspection or use and provide parents/guardians and eligible students with certain rights. For the purposes of student records, an “eligible” student is one who is 18 or older or who is enrolled in an institution of post-secondary education. For more complete information on the rights of parents/guardians and eligible students regarding student records, please see *Appendix 3* in the back of this handbook. A complete copy of the school district’s “Protection and Privacy of Pupil Records” policy may be obtained at ***the school office***.

Student Surveys

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. For complete information on the rights of parents/guardians and eligible students about conducting surveys, collection and use of information for marketing purposes, and certain physical examinations, see *Appendix 4* in the back of this handbook. A complete copy of the school district’s “Student Surveys” policy may be obtained at ***the school office***.

Transportation of Public School Students

The school district will provide transportation, at the expense of the school district, for all resident students who live two miles or more from the school. Transportation will be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break, except in certain circumstances. The school district will not provide transportation for students whose transportation privileges have been revoked or have been voluntarily surrendered by the students’ parent or guardian.

BUSING

Bus students are to be ready to board the bus at the assigned time. If you normally ride the route bus and will not ride on a given morning, call the driver or a student ahead of you on the route. If you do not normally ride the bus and wish to ride, use the same procedure. During inclement weather, all students must be warmly dressed.

All Brewster route buses will arrive at the Brewster building at 7:45 a.m. Route buses will depart from Brewster at 3:10 p.m.

Elementary students wishing to ride a bus other than the one they are assigned to **must have written permission** from a parent/guardian.

It is a gross misdemeanor to pass or attempt to pass a school bus when the STOP arm is extended and/or warning lights are flashing, to pass or attempt to pass on the right-hand side of the bus, or to pass or attempt to pass when a child is outside the school bus.

Round Lake-Brewster Independent School District No. 2907 Bus Safety and Conduct Rules

BUS RIDING POLICY

Seating assignment may be assigned by the bus driver or the administration at any given time. This will usually be the first step to correct any inappropriate behavior or concerns. After this step has been taken, any further behavior problems will usually result in the following order of action:

1. a verbal warning to the student
2. student will sit in the front seat
3. the student will meet with the administration regarding the inappropriate behavior

4. a conference will be held with the student, parent/guardian, bus driver, and administration

*****The administration reserves the right to alter from this normal course of action if so warranted by the students.**

Extracurricular Transportation

The school district may provide transportation for students to and from extracurricular activities. To the extent the school district provides extracurricular transportation, the district may charge a fee for transportation of students to and from extracurricular activities and optional field trips at locations other than school.

BUSES TO OUT OF TOWN SCHOOL-RELATED ACTIVITIES

A student who rides a bus to an activity, either as a spectator or participant, will return on the bus. The only exception will be if a student returns with his/her parent or guardian. The parent/ guardian must personally talk to the coach/chaperone, giving a signed statement that the student is leaving with him/her. This does not mean a brother, a sister, other relatives, or a boyfriend or girlfriend. A student who rides the bus to an event/activity will be delivered to the door and will remain at the event/activity until it is over. A student participating in an out-of-town activity will never drive to that activity him/herself.

Advisors or coaches to the activities may use their discretion regarding the rule of riding the bus. Decisions to allow exceptions to the rule may be allowed for unusual family situations, or when the miles incurred by the bus trip are not reasonable. Students will, in all special circumstances, be brought to the activity by their parents, and students will not drive themselves to the activities.

The cost to ride the spectator bus is \$1.00. A minimum number of riders may be required.

Video and Audio Recording

School Buses

All school buses used by the school district may be equipped for the placement and operation of a video camera. The school district will post a notice in a conspicuous location informing students that their conversations or actions may be recorded. The school district may use a video recording of the actions of student passengers as evidence in any disciplinary action arising from the students' misconduct on the bus.

Places Other Than Buses

The school district buildings and grounds may be equipped with video cameras. Video surveillance may occur in any school district building or on any school district property. Video surveillance of locker rooms or bathrooms will only be utilized in extreme situations, with extraordinary controls, and only as expressly approved by the superintendent and/or principal.

For additional information, see the ***counselor, principal, special education teacher, or ELL teacher***.

Homework

Homework assignments are made by the teachers. The amount of homework varies by teacher and subject area. The school district asks for parents/guardians to encourage their child(ren) to complete homework thoroughly and promptly.

Homework is to be completed by each student on a timely basis. Each student will receive 2 days for each day of school missed to complete that day of absence assignments for full credit. Anything after this is at the discretion of the classroom teacher. Parents can assist by contacting the classroom teacher in a timely manner, and by tracking your child's progress online by checking their grades.

Promotion and Retention

All students are expected to achieve an acceptable level of proficiency. Students who achieve at an acceptable level will be promoted to the next grade level at the completion of the school year. Retention of a student may be considered when professional staff and parents/guardians feel that it is in the best interest of the student. The superintendent's decision will be final. The district has a variety of services to help students succeed in school. For more information, contact the ***school building administrator***.

The school district also will provide notice to parents if, for four or more consecutive weeks, their child has been assigned to or taught by a teacher who is not highly qualified.

PART III — RULES AND DISCIPLINE

Attendance

Regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability. For detailed information, see the "Student Attendance" policy in *Appendix 5*.

RELEASE OF STUDENTS DURING SCHOOL - APPOINTMENTS

Any student leaving the building during the school day for a scheduled appointment must have a note from a parent/guardian. If a note is not brought in, a phone call from a parent/guardian is required before permission to leave will be given. Students leaving for reasons other than a scheduled appointment or for emergency reasons must have the approval of the Administration. All students are required to sign out in the main office before leaving. When a student returns, he/she is required to sign in at the main office and will be given a pass to return to class. Students who fail to sign out before leaving the school building will serve detention.

Students leaving for the day will be released to a custodial parent/guardian only. If a student is to leave with anyone other than a parent/guardian, the main office must receive written permission from the parent/guardian. During school hours students may not be visited by

extended family members or non-custodial parent without written permission of a custodial parent/guardian.

Bullying Prohibition

The school district is committed to providing a safe and respectful learning environment for all students. Acts of bullying, in any form, by either an individual student or a group of students, is prohibited on school district property, at school-related functions, and by misuse of technology. For detailed information regarding the school district's "Bullying Prohibition" policy, see *Appendix 6*.

Buses – Conduct on School Buses and Consequences for Misbehavior

Riding the school bus is a privilege, not a right. The school district's general student behavior rules are in effect for all students on school buses, including nonpublic and charter school students. The school district will not provide transportation for students whose transportation privileges have been revoked.

The school district is committed to transporting students in a safe and orderly manner. To accomplish this, student riders are expected to follow school district rules for waiting at a school bus stop and rules for riding on a school bus.

While waiting for the bus or after being dropped off at a school bus stop, all students must comply with the following rules:

- Get to the bus stop five minutes before your scheduled pick up time. The school bus driver will not wait for late students.
- Respect the property of others while waiting at the bus stop.
- Keep your arms, legs, and belongings to yourself.
- Use appropriate language.
- Stay away from the street, road, or highway when waiting for the bus.
- Wait until the bus stops before approaching the bus.
- After getting off the bus, move away from the bus.
- If you must cross the street, always cross in front of the bus where the driver can see you. Wait for the driver to signal to you before crossing the street.
- No fighting, harassment, intimidation, or horseplay.
- No use of alcohol, tobacco, or drugs.

While riding a school bus, all riders must comply with the following rules:

- Follow the driver's directions at all times.
- Remain seated facing forward while the bus is in motion.
- Talk quietly and use appropriate language.
- Keep all parts of your body inside the bus.
- Keep arms, legs, and belongings to yourself and out of the aisle.

- Do not throw any object.
- No eating, drinking, or use of alcohol, tobacco, or drugs.
- Do not bring any weapons or dangerous objects on the school bus.

- Do not damage the school bus.

Consequences for school bus/bus stop misconduct will be imposed by the school district under adopted administrative discipline procedures. All school bus/bus stop misconduct will be reported to the school district's transportation safety director. Serious misconduct may be reported to local law enforcement.

Cell Phones, Pagers, and Other Electronic Communication Devices

Students are prohibited from using cell phones, pagers, and other electronic communication devices during the instructional day. Students also are prohibited from using a cell phone or other electronic communication device to engage in conduct prohibited by school district policies including, but not limited to, cheating, bullying, harassment, gang activity, etc. If the school district has a reasonable suspicion that a student has violated a school rule or law by use of a cell phone or other electronic device, the school district may search the device. The search of the device will be reasonably related in scope to the circumstances justifying the search. Students who use an electronic device during the school day and/or in violation of school district policies may be subject to disciplinary action pursuant to the school district's discipline policy. In addition, a student's cell phone or electronic device may be confiscated by the school district and, if applicable, provided to law enforcement. Cell phones or other electronic devices that are confiscated and retained by the school district will be returned in accordance with school building procedures.

Discipline

Misbehavior by one student can disrupt the learning process for many other students. In addition, students must learn to practice good safety habits, value academic honesty, respect the rights of others, and obey the law. For detailed information on the Student Code of Conduct and consequences for violations, see the complete "Student Discipline" policy in *Appendix 7*.

-

Inappropriate clothing includes, but is not limited to, the following:

- "Short shorts," skimpy tank tops, tops that expose the midriff, and other clothing that is not in keeping with community standards.
- Clothing bearing a message that is lewd, vulgar, or obscene.
- Apparel promoting products or activities that are illegal for use by minors.

- Objectionable emblems, badges, symbols, signs, words, objects, or pictures on clothing or jewelry communicating a message that is racist, sexist, or otherwise derogatory to a protected minority group, evidences gang membership or affiliation, or approves, advances, or provokes any form of religious, racial, or sexual harassment and/or violence against other individuals as defined in school district policy.
- Any apparel or footwear that would damage school property.
- Hats are not to be worn in the building except with the approval of the building principal (i.e., student undergoing chemotherapy, medical situations).

If the administration believes a student’s appearance, grooming, or mode of dress interferes with or disrupts the educational process or school activities or poses a threat to the health or safety of the student or others, the student will be directed to make modifications or will be sent home for the day. A parent or guardian will be notified.

Drug-Free School and Workplace

The possession and use of alcohol, controlled substances, and toxic substances are prohibited at school or in any other school location before, during, or after school hours. Paraphernalia associated with controlled substances also is prohibited. The school district will discipline or take appropriate action against anyone who violates this policy.

District policy is not violated when a person brings a controlled substance which has a currently accepted medical treatment use onto a school location for personal use if the person has a physician’s prescription for the substance. Students who have prescriptions must comply with the school district’s “Student Medication” policy. The school district will provide an instructional program in every elementary and secondary school on chemical abuse and the prevention of chemical dependency.

Harassment and Violence Prohibition

The school district strives to maintain a learning and working environment that is free from harassment and violence on the basis of race, color, creed, religion, national origin, sex, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. The school district prohibits any form of harassment or violence on the basis of race, color, creed, religion, national origin, sex, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. For detailed information on the school district’s “Harassment and Violence Prohibition” policy, see *Appendix 8*.

Hazing Prohibition

Hazing is prohibited. No student will plan, direct, encourage, aid, or engage in hazing. Students who violate this rule will be subject to disciplinary action pursuant to the school district’s “Student Discipline” policy. For detailed information on the school district’s “Hazing Prohibition” policy, see *Appendix 9*.

Internet Responsible Use

All school district students have conditional access to the school district's computer system, including Internet access, for limited educational purposes, including use of the system for classroom activities, educational research, and professional and career development. Use of the school district's system is a privilege, not a right. Unacceptable use of the school district's computer system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including, but not limited to, suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws. A copy of the school district's "Internet Acceptable Use" policy is available at ***the school office***.

Students will receive a copy of the school district's "Internet Acceptable Use" policy and are expected to understand and agree to abide by the policy as a condition of use of the school district's computer system. All students who wish to use the school district's computer system must sign the Internet Use Agreement form ***each school year***.

RL-B ACCEPTABLE USE POLICY **REVISED 5-2007**

Many students in the RL-B School District have, or soon will have, access to the Internet and Electronic Mail (E-mail). The Internet, a global electronic information structure, is a network of networks used by educators, businesses, the government, the military, and organizations. In schools and libraries, the Internet can be used to educate, to inform, and to entertain. As a learning resource, the Internet is similar to books, magazines, video, CD-ROM, and other information sources.

Students at RL-B can use the Internet and E-mail to participate in distance learning activities, to ask questions of and consult with experts, to communicate with other students and individuals, and to locate material to meet their educational and personal information needs. All educators have a professional responsibility to work together to help students develop the skills needed to discriminate among information sources, to identify information appropriate to their age and developmental levels, and to evaluate and use information to meet their educational goals.

Making Internet and E-mail access available to students carries with it the potential that some students might encounter information that some have identified as controversial and of potential harm to students. Because information on the Internet appears, disappears, and changes, it is not possible to predict or control what students may locate. While it is possible to select some resources which will be more easily available to students, school officials cannot promise to control the Internet or E-mail environment for students. RL-B educators will take an active role in ensuring that students and their parents or guardians are aware of the individual student's responsibility to use Internet and E-mail resources in an ethical and educational manner. Our focus is less in controlling the environment, but more in providing individual users with the understanding and skills needed to use the Internet and E-mail in ways appropriate to their individual educational needs. Concerns about Internet and E-mail information will be handled the same ways that concerns about other educational resources are now

handled, and policies now dealing with other educational resources all pertain to Internet and E-mail resources.

The RL-B School District has guidelines for student use of Internet and E-mail accounts. These guidelines are included in the RL-B Student Handbook. To protect the due process rights of students, these guidelines define appropriate educational and ethical uses of the Internet, identify individual student responsibilities, and outline procedures for enforcing behavior on the Internet and handling violations. Students, staff, and parents are advised that some systems may contain inappropriate material. School administrators and staff do not condone the use of such materials and do not permit usage of such materials in the school environment. Students who knowingly bring such materials into the school environment, regardless of format, will be dealt with according to the discipline policies of the individual school building. The building administrators, at their sole discretion, reserve the right to terminate immediately the account of any student who misuses the account.

The use of Internet and E-mail is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. Students will be taught appropriate use of E-mail and other general use of the Internet. The system administrators will deem what is inappropriate and their decision is final.

GUIDELINES FOR STUDENT USE OF THE RL-B LOCAL NETWORK AND INTERNET ACCESS

REVISED 5-2007

Educational Access

The purpose of LAN and Internet access is to promote educational excellence in schools by facilitating resource sharing, innovation, and communication. The RL-B network system will not serve as a public forum. Therefore, materials that students access or post are susceptible to restrictions by the Round Lake and Brewster school districts.

Elementary students (grades K-6) have access to the Internet under the direct supervision of their classroom teacher.

All students in grades 7 through 12 have access to the RL-B LAN. They may also obtain Internet access upon successful orientation and written parental consent. Denial of Internet access can be placed on a student by their parent or guardian at any time.

Student Ethical and Moral Conduct

The RL-B network utilizes various methods of monitoring and detection to maintain the integrity of the system. These methods are in no way foolproof. Students must not expect the network to always perform in a logical manner. For example, if the student does not have Internet rights, he or she should not access the Internet even if the network allows. It is the responsibility of the student user to utilize the network in a fashion that is consistent with the RL-B Acceptable Use Policy.

Each student account is secured by means of a user ID and a user password. User passwords are to remain private at all times. It is the student's responsibility to protect their password from being revealed or discovered by any other person. Should a student feel that their password has been discovered, they should contact the network administrator immediately to prevent unauthorized access to the account.

It is possible, in a network environment, to unintentionally access inappropriate material. If this should happen, the user must immediately exit from the site and report the occurrence to the classroom or lab supervisor. If this is done, the student will remain in good standing should any question arise dealing with inappropriate material access. However, if a student accesses multiple inappropriate sites for more than a few seconds, it will be considered a violation of the policy. In summary, the student should back out and exit immediately from any sites that may be considered by the network or building administrator inappropriate as described in this policy. The classroom or lab supervisor should then be notified by the student.

Software packages, called filtering systems, have been designed that restrict access to certain, usually pornographic websites. Some people see filtering systems as the best defense to student access to obscenity and pornography. Others see them as paramount to book banning because they can be over broad in some of the material they filter (such as artwork), yet fail to filter out certain clearly inappropriate material. The law and technology in this area is still developing, but courts are almost certain to uphold the use of filtering systems which restrict access to lewd, vulgar, and obscene material on the Internet. CIPA compliant content filtering systems are in place at both the Round Lake and Brewster sites.

Network Disclaimer

RL-B will not be responsible for any unauthorized purchases made over the network or any damages suffered as a result of network crashes or problems. Users should back up their individual data on floppy disks to ensure the security of their documents.

E-Mail

As of the 1999-2000 school year, RL-B School District will not provide E-mail addresses to the students. Personal use of E-mail will be restricted during school (8:00 a.m. - 3:00 p.m.) Students will not be allowed to use their E-mail during class time unless their teacher gives them specific permission. Students may access their E-mail during Academic Enhancement. However, each student must yield the computer to another student needing to do school work should a shortage of computers occur. Schoolwork will take precedence over self-discovery. If a student receives inappropriate E-mail in school, it should not be printed or forwarded. That E-mail message should be deleted and the student should send a message to the sender asking them not to send such E-mail in the future because the school district has a policy which strictly prohibits E-mail of that nature, and the district monitors its systems to ensure that the rules are not violated. Students will be expected to abide by the RL-B Acceptable Use Policy.

Administrative Action

The building administrator, with input from the network administrator, will deem what is inappropriate and his/her decision is final. Each case will be made in a fair and non-discriminatory manner.

Violations of the Acceptable Use Policy, or Guidelines For Student Use Policy, will subject the violator to discipline up to and including expulsion from school. Additionally, violations may subject the violator to civil or criminal legal action.

Consequences that cannot effectively be administered due to the upcoming graduation date or other circumstances may be alternatively applied through school suspension as determined by the building administrator. For example, if a senior knowingly violates the policy during the last month of school, the building administrator may, if deemed necessary, choose to suspend the student from school in lieu of the network suspension.

The building administrator, if deemed necessary, may appropriate a lesser consequence or penalty to any violation of this policy if circumstances warrant.

Student Rights

Computer networks, by nature, are not private. The network administrator has access to any and all files on the system. Student files are routinely monitored in order to maintain the integrity of the network. Students with material in their file that is not in-line with the RL-B Acceptable Use Policy run the risk of being discovered during routine maintenance and will be handled according to the policy. A specific, individual search of a student's file will take place if probable cause exists. Parents may, at any time, request to see the contents of their student's file.

RL-B has the right to restrict student speech for educational reasons. The network has been established as a limited forum. Therefore, student speech can be restricted in the interest of education.

Student Use of the Network

Network users are expected to abide by acceptable rules of computer etiquette. These rules include, but are not limited to, the following:

1. **BE POLITE:** Never send, or encourage others to send, abusive messages.
2. **USE APPROPRIATE LANGUAGE:** You may be alone with your computer, but what you say and do can be viewed globally. Never swear, use vulgarities, or any other inappropriate language. Illegal activities of any kind are strictly forbidden and are subject to disciplinary action
3. **PRIVACY:** There will be no expectation of privacy on the Internet or other computerized information resources at the school. School personnel have the right to monitor computer use and Internet sessions.
4. Do not reveal your home address or telephone number or the addresses or telephone numbers of students or colleagues. Do not reveal other personal information, such as your age, marital status, financial information, or your work address or telephone number.
5. **ELECTRONIC MAIL:** Electronic mail (E-mail) is not guaranteed to be private. Messages relating to or in support of illegal activities must be reported to the authorities.

6. **DISRUPTIONS:** Do not use the network in any way that would disrupt use of the network by others. Do not read other users' mail or files or attempt to interfere with other user' abilities to send or receive electronic mail. Do not attempt to read, delete, copy, modify, or forge other users' mail.
7. **BULLETIN BOARDS:** Never respond to messages or bulletin board items that are suggestive, obscene, belligerent, threatening, or make you feel uncomfortable.

The following are acceptable uses of the computers/LAN/Internet:

- Research for a class assignment or project
- Collaboration via E-mail for a school project or assignment
- Inquiry via E-mail dealing with a class project
- Career development activities
- Classroom web activities

The following are unacceptable uses of the computers/LAN/Internet:

- Using the network for any illegal activity, including violation of copyright or other laws.
- Using language or images that are inappropriate in the educational setting or disruptive to the educational process.
- Information or materials that could cause damage or danger of the disruption to the educational process.
- Materials that use language or images that advocate violence or discrimination toward other people or that may constitute harassment or discrimination.
- Using an account of another person, with or without permission.
- Accessing web sites that contain obscene, profane, vulgar, rude, inflammatory, threatening, disrespectful, or sexually explicit language, including graphics, pictures or pornography.
- Gaining unauthorized access to resources or entities.
- Wasting technology resources, including bandwidth, file space, and printers.
- Using the network for financial or commercial gain.
- Using the network in ways which violate school policies and behavior standards.
- Invading the privacy of other individuals by accessing and/or vandalizing their computerized data.
- Degrading or disrupting equipment of system performance.
- Accessing web sites that distribute "hate mail" or chain letters that are of little or no educational value.
- Plagiarizing the work of other people.
- In order to reduce unnecessary system traffic, system users may not use real-time conference features such as talk/chat/Internet relay chat.
- To engage in any illegal act or violating any local, state, or federal statute or law.
- To post private information about another person, personal contact information about themselves or other persons, or other personally identifiable information, including but not limited to: addresses, telephone numbers, school addresses, work addresses, identification numbers, account numbers, access codes, or passwords, labeled photographs, or other information that would make a person's identity easily traceable, and will not repost a message that was sent to the user privately without the permission of the person who sent the message.

Security:

Security on any computer system is a high priority because there are so many users. If you identify a security problem, notify the teacher, network administrator, or the building administrator at once. Never demonstrate the problem to other users. Any user identified as a security risk will be denied access to the information system.

Consequences

Students not complying with this policy will experience the following consequences:

1st offense: Lose all computer, LAN, and Internet rights for ten (10) school days. Parents will be notified via letter or telephone by the network administrator or building administrator. Students who are attending classes that require computer, LAN, or Internet access will have access only during the regularly scheduled class period. An essay will be required from the student before reinstatement of full access. The network administrator will choose the topic and determine successful completion.

2nd offense: Lose all computer, LAN, and Internet rights for eighty (80) school days. Parents will be notified via letter or telephone by the network administrator or building administrator. Students who are attending classes that require computer, LAN, or Internet access will have access only during the regularly scheduled class period. An essay will be required from the student before reinstatement of full access. The network administrator will choose the topic and determine successful completion.

3rd offense: Lose all computer, LAN, and Internet rights for one calendar year.

Additional offenses: School suspension or expulsion as deemed appropriate by the building administrator.

RL-B ACCEPTABLE USE POLICY: Parent/Guardian Consent and Student Agreement

Dear Parent or Guardian:

Your son or daughter will soon have access to the Internet. The Internet is a global information system with great information and educational potential, and we see the skills required for its use as vital to the productivity and citizenship of your students when they enter higher education and the work force. Attached is the RL-B Acceptable Use Policy. Please read the document, discuss it with your child(ren), and sign below to acknowledge that you understand the policy.

No student will be allowed access to the Internet until this form has been returned to the Technology Coordinator.

- I have read the Acceptable Use Policy and agree to follow its terms.
- I understand that access to the Internet and building network is a privilege that will be revoked if it is abused.
- I understand that violations of the policy will subject me to discipline up to and including expulsion, and may subject me to civil or criminal action.
- I understand that the school district will enforce its policies but that it is simply technically and administratively impossible to guarantee that no inappropriate use will ever occur. I also understand that the primary responsibility for avoiding inappropriate information rests with myself.
- I understand that the school district will not be held responsible for any fees, damages, claims, or harm incurred as a result of unauthorized or improper usage of the Internet or building network.

I hereby authorize RL-B to issue my child a free account for access to the Internet. This account will be used for educational endeavors as specified in the Acceptable Use Policy. If my child violates this policy, he/she will experience consequences as described in the Acceptable Use Policy and above, and these consequences will affect his/her access to educational material and opportunities.

Definition of Terms

LAN – a data communications network, which is geographically limited (typically to a 1 km radius) allowing easy interconnection of terminals, microprocessors, and computers within adjacent buildings.

PASSWORD – An arbitrary string of characters chosen by a user or system administrator and used to authenticate the user when he attempts to log on in order to prevent unauthorized access to his account.

INTERNET – Any set of networks interconnected with routers. The Internet is the biggest example of an internet.

INTRANET – any network which provides similar services within an organization to those provided by the Internet outside it but which is not necessarily connected to the Internet. The most common example is a company, which sets up one or more World-Wide Web servers on an internal network for distribution of information within the company.

E-MAIL – Messages automatically passed from one computer user to another, often through computer networks and/or via modems over telephone lines.

SERVER – A computer, which provides some service for other computers, connected to it via a network. The most common example is a file server, which has a local disk and services requests from remote clients to read and write files on that disk, often using Sun's Network Filing System (NFS) protocol or Novell Netware on IBM PCs.

Parking on School District Property

Students

The school district allows limited use and parking of motor vehicles by students in school district locations subject to the following rules:

- Parking a motor vehicle on school property during the school day is a privilege;
- Parking is permitted in designated areas only, by permit. For information, contact the **School Principal, Mr. Hassing**.
- Students are not permitted to use motor vehicles during the school day in any school district locations unless an emergency occurs and permission has been granted to the student by the **Building Principal**;
- Students are permitted to use motor vehicles on the high school campus(es) only before and after the school day;
- Unauthorized vehicles parked on school district property may be towed at the expense of the owner or operator.

The school district may conduct routine patrols of school district properties and inspections of the exteriors of the motor vehicles of students. Interiors of students' vehicles in school district locations may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. If a search yields contraband, school officials may seize the item and may turn it over to legal authorities when appropriate. A student who violates this policy may be subject

to withdrawal of parking privileges and/or discipline according to the school district's "Student Discipline" policy.

Visitors

Visitors are permitted to park in designated school district visitor parking areas. Unattended vehicles left in other locations on school district property may be towed at the owner's expense.

Tobacco-Free Schools

School district students and staff have the right to learn and work in an environment that is tobacco free. School policy is violated by any individual's use of tobacco, tobacco-related devices, or electronic cigarettes in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Students may not possess any type of tobacco, tobacco-related device, or electronic cigarette in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Any student who violates this policy is subject to school district discipline. For detailed information on the school district's "Tobacco-Free Environment" policy, see *Appendix 10*. Contact the **Building Principal** if you have questions or wish to report violations.

Vandalism

Vandalism of any district property is prohibited. Violators will be disciplined and may be reported to law enforcement officials.

Weapons Prohibition

No person will possess, use, or distribute a weapon when in a school location except as provided in school district policy. A "weapon" means any object, device, or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury including, but not limited to, any firearm, whether loaded or unloaded; airguns; pellet guns; BB guns; all knives; blades; clubs; metal knuckles; numchucks; throwing stars; explosives; fireworks; mace and other propellants; stunguns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon. A weapon also includes look-alike weapons. Appropriate discipline and action will be taken against any person who violates this policy. The school district takes a "zero tolerance" position in regard to the possession, use, or distribution of weapons by students. Discipline of students will include, at a minimum: immediate out-of-school suspension; confiscation of the weapon; immediate notification of police; parent or guardian notification; and recommendation to the superintendent of dismissal for a period of time not to exceed one year. A student who brings a firearm to school will be expelled for at least one year, subject to school district discretion on a case-by-case basis. For a copy of the "School Weapons" policy, contact **Mr. Hassing, Principal**.

PART IV — HEALTH AND SAFETY

Accidents

All student injuries that occur at school or school-sponsored activities should be reported to the *school administration office and/or school nurse*. Parents/guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).

Asbestos Management Update [*]

The school district has developed an asbestos management plan. A copy of this plan can be found in the *school office of each respective building* and is available on the district's website.

2016-2017 SCHOOL YEAR ASBESTOS NOTIFICATION

As a result of recent federal legislation (Asbestos Hazard Emergency Response Act – AHERA), each primary and secondary school in the nation is required to complete a stringent new inspection for asbestos and to develop a plan of management for all asbestos-containing building materials. Round Lake/Brewster Public School has a goal to be in full compliance with this law and is following the spirit, as well as the letter, of the law. As a matter of policy, Round Lake/Brewster Public School shall continue to maintain a safe and healthful environment for our community's youth and employees.

In keeping with this legislation, all buildings (including portables and support buildings) owned or leased by the school district were inspected by EPA accredited inspectors and samples were analyzed by an independent laboratory. Based on the inspection, the school prepared and the state approved a comprehensive management plan for handling the asbestos located within its buildings safely and responsibly.

Furthermore, Round Lake/Brewster Public School has completed its 3-year Re-inspection required by AHERA. Round Lake/Brewster Public School buildings, where asbestos-containing materials were found, is under repair, removal and Operations and Maintenance.

This past year, Round Lake/Brewster Public School conducted the following with respect to its asbestos containing building materials:

- *implemented our Operations and Maintenance Program

Federal law requires a periodic walk-through (called "surveillance") every 6 months of each area containing asbestos. Also the law requires for all buildings to be re-inspected three years after a management plan is in effect. This will be accomplished under contract by Air-tech Environmental, Inc.

Short-term workers (outside contractors – i.e., telephone repair workers, electricians and exterminators) must be provided information regarding the location of asbestos in which they may

come into contact. All short-term workers shall contact the lead maintenance person before commencing work to be given this information.

Round Lake/Brewster Public School has a list of the location(s), type(s) of asbestos-containing materials found in that school building and a description and timetable for their proper management. A copy of the Asbestos Management Plan is available for review in the school office. Copies are available at 25 cents per page. Questions related to the plan should be directed to Steve Musser, designated Asbestos Program Manager under contract with AirTech Environmental, Inc., 6989 N. 55th Street-Suite C, St. Paul, MN 55128.

Crisis Management

The school district has developed a “Crisis Management” policy. Each school building has its own building-specific crisis management plan. Students and parents will be provided with information as to district- and school-specific plans.

The “Crisis Management” policy addresses a range of potential crisis situations in the school district and includes general crisis procedures for securing buildings, classroom evacuation, campus evacuation, sheltering, and communication procedures. The school district will conduct lock-down drills, fire drills, and a tornado drill. Building plans include classroom and building evacuation procedures.

Health Information

First Aid

The nurse’s office in each building is equipped to handle minor injuries requiring first aid. If the nurse’s office is not open, assistance can be sought from the building’s administrative office. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent/guardian will be contacted depending on the situation.

The district has installed automated external defibrillators (AEDs) in ***the fitness center and cafeteria of the High School and one is located in the hallway of the gymnasium at the Elementary School.***

Tampering with any AED is prohibited and may result in discipline.

Communicable Diseases

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent suspects that his/her child has a communicable or contagious disease, the parent should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

Students with certain communicable diseases will not be excluded from attending school in their usual daily attendance settings as long as their health permits and their attendance does not create a significant risk of transmitting the illness to other students or school district employees. The school

district will determine on a case-by-case basis whether a contagious student's attendance creates a significant risk of transmitting the illness to others.

Health Service

The student health office is staffed by a trained ***by paraprofessionals within our building. Our health paraprofessionals work under the direction and supervision of Nobles County Health.***

Students who become sick at school should ***tell their teacher and ask to go to the health center.*** In the event of an emergency, ***parents or emergency contacts will be contacted.*** The ***health service provider*** will arrange for students who get sick at school to go home early.

A parent/guardian should notify the school if his/her child is unable to attend school because of illness. ***Parent/guardians should contact the school office of the school of attendance when your child will not be in school.***

Health Services

The Round Lake/Brewster School District works to provide a safe and healthy environment for your children while they are in school. Please feel free to contact us with any health concerns.

Healthy kids make better learners. Make sure your child gets plenty of rest. Provide your family with a nutritious breakfast each morning or use the school breakfast program (at the elementary school). Frequent bathing, hair washings, teeth brushing and clean clothing help to promote good personal hygiene habits. To prevent the spread of head lice, tell your child not to share combs, hairbrushes, hats, etc.

Health Screenings – Hearing, vision, color blindness, and scoliosis screenings may be given at various times during the school year. These screenings do not replace medical check-ups by your family doctor. Parents will be notified if the screening results are not within normal limits for your child's age. If you do not want your child to participate in the health screenings, please contact the school in writing at the beginning of the school year.

Immunization Requirements – Parents are required to provide the school with the month, day, and year of all required immunizations. If there is a medical reason why the child cannot be vaccinated, or if a parent objects to the immunizations, proper documentation must be provided to the school.

Illness – Children who become ill at school will be sent home only after a parent/guardian or designated person has been notified. Please keep your child at home if they show any signs of illness. Some common childhood diseases are listed below. Written permission from the doctor should be sent to the school if a student returns before the recommended time.

Disease	Symptoms	School Attendance Restriction
Chicken Pox	Slight fever, general feeling of illness, eruption of blisters	Excluded from school usually 7 days from appearance of rash or until all are completely dry
Fifth Disease/Slap Cheek	blotchy rash on the cheeks, arms, and legs	No exclusion necessary
Head Lice	Itching, nits, lice	Excluded from school until medicated shampoo is used on the hair and <u>all nits (eggs) are removed</u>
Impetigo	“Water Blister” like eruption	Excluded from school until treated with antibiotics for at least a full 24 hours
Pink Eye (Conjunctivitis)	Pink, mattery eyes	Excluded from school until medication has been used 24 hours
Ring Worm	Round, reddened area with light center	Excluded from school until 24 hours after treatment has been started
Scarlet Fever or Strep Throat	Nausea, fever, sore throat and fine rash	If medication is given, child may return to school after 24 hours. Physician should advise

Medical Emergency – Please inform the school if your child has a health condition or need that may require medical or emergency care during the school day. In case of an emergency at school, first aid will be administered promptly. Emergency medical care will be initiated if appropriate. An attempt will be made to notify the parent or guardian before seeking additional medical attention, if any is needed. Please notify the school office with emergency numbers for your child.

Medications at School – Please review the following pages outlining our school policy for administering medications and our medical administration forms.

Immunizations

All students must be properly immunized or submit appropriate documentation exempting them from such immunizations in order to enroll or remain enrolled. Students may be exempted from the immunization requirement when the immunization of the student is contraindicated for medical reasons; laboratory confirmation of adequate immunity exists; or due to the conscientiously held beliefs of the parents/guardians or student. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student reaches the age of 18. For a copy of the immunization schedule or to obtain an exemption form or information, contact the **health service provider or school office staff**.

Medications at School During the School Day

The school district acknowledges that some students may require prescribed drugs or medication during the school day. The administration of prescription medication or drugs at school requires a completed signed request from the student's parent. An "Administering Prescription Medications" form must be completed once a year and/or when a change in the prescription or requirements for administration occurs. Prescription medications must be brought to school in the original container labeled for the student by a pharmacist, and must be administered in a manner consistent with the instructions on the label. Prescription medications are not to be carried by the student, but will be left with the appropriate school personnel. Exceptions that may be allowed include: prescription asthma medications administered with an inhaler pursuant to school district policy and procedures, medications administered as noted in a written agreement between the school district and parent or as specified in an Individualized Education Program (IEP), a plan developed under Section 504 of the Rehabilitation Act (§504 Plan), or an individual health plan (IHP). The school district is to be notified of any change in a student's prescription medication administration.

Administering Medication in School

I. Purpose

It is not the responsibility of the school or its employees to prescribe drugs, medications or home remedies. Medications should be administered at home under the supervision of the parent/guardian when possible. However, some students require administration of medications to be performed during the regular school day. In those situations, the following procedure will be followed:

II. Physician Order for Medication and Parent/Guardian Authorization

Before any medication will be dispensed by school staff, a **Physician Order for Medication** and **Parent/Guardian Authorization** form signed by the parent/guardian of the student must be on file with the school nurse. The forms are available from the school nurse, school website or student handbook.

III. Parent/Guardian needs to bring the medication to school

A. Prescription Medications

Prescription medications must be provided in an original pharmacy container with a current label. Prescription medications brought to school in any other container will not be administered. Questions regarding dosage and administration of the medications will be directed to the prescribing physician or the parent/guardian, at the discretion of the school staff. Medications will be administered after questions have been resolved.

B. Over-the Counter Medications (OTC)

Parent/guardians must complete and sign an **Authorization of Administration of Medication** form before school staff will administer over-the-counter medications. OTC must be provided by the family in the original labeled container. OTC will only be administered to a student according to the label directions, unless contrary written directions from a physician are provided. Students in grade 7-12 will be allowed to carry only Tylenol and ibuprofen.

IV. Physician Authorization for Self-Administration of Medication

For prescriptions or over-the-counter medications that are carried by the student for self-administration, a **Physician Authorization for Self-Administration of Medication** form must be completed by the physician and signed by the parent/guardian.

V. Sharing of Medication of Prohibited

Students may not share prescription or over-the-counter medication with other students. Appropriate disciplinary action may be taken if necessary, upon the determination by the principal or his/her designee, after investigation that a violation of this policy has taken place.

VI. Unused Medication

When use of a medication has ceased or is no longer needed by the student, it is the parent/guardian's responsibility to retrieve unused medications from the school. Any unused medications will be disposed of by the school upon the written request of the parent/guardian or at the end of the school year.

Safety

The safety of students on campus and at school-related activities is a high priority of the district. While district-wide safety procedures are in place, student and parent cooperation is essential to ensuring school safety.

No walking or running in hallways is allowed during the school day.

Visitors in District Buildings

Parents/guardians and community members are welcome to visit the schools. To ensure the safety of those in the school and to avoid disruption to the learning environment, all visitors must report directly to the ***School Building's Administration Office*** upon entering the building, with the exception of events open to the public. All visitors will be required to sign in at the ***School Office*** and to wear a "visitors badge" while in the building during the school day. Visitors must have the approval of the principal before visiting a classroom during instructional time. 2. Distribution of Nonschool-Sponsored Materials on School Premises by Students and Employees []**

I. PURPOSE

The purpose of this policy is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

II. GENERAL STATEMENT OF POLICY

- A. The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, non-school-sponsored material.
- B. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board adopts the following regulations and procedures regarding distribution of non-school-sponsored material on school property and at school activities.

III. DEFINITIONS

- A. "Distribute" or "Distribution" means circulation or dissemination of material by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, posting or displaying material, or placing material in internal staff or student mailboxes.
- B. "Non-school-sponsored material" or "unofficial material" includes all materials or objects intended for distribution, except school newspapers, employee newsletters, literary magazines, yearbooks, and other publications funded and/or sponsored or authorized by the school. Examples of non-school-sponsored materials include, but are not limited to, leaflets, brochures, buttons, badges, flyers, petitions, posters, and underground newspapers whether written by students or employees or others, and tangible objects.
- C. "Obscene to minors" means:
 - 1. The average person, applying contemporary community standards, would find that the material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;
 - 2. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, or lewd exhibition of the genitals; and
 - 3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.

- D. "Minor" means any person under the age of eighteen (18).
- E. "Material and substantial disruption" of a normal school activity means:
 - 1. Where the normal school activity is an educational program of the district for which student attendance is compulsory, "material and substantial disruption" is defined as any disruption which interferes with or impedes the implementation of that program.
 - 2. Where the normal school activity is voluntary in nature (including, without limitation, school athletic events, school plays and concerts, and lunch periods) "material and substantial disruption" is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

In order for expression to be considered disruptive, there must exist specific facts upon which the likelihood of disruption can be forecast, including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.
- F. "School activities" means any activity sponsored by the school including, but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays and other theatrical productions, and in-school lunch periods.
- G. "Libelous" is a false and unprivileged statement about a specific individual that tends to harm the individual's reputation or to lower that individual in the esteem of the community.

IV. GUIDELINES

- A. Students and employees of the school district have the right to distribute, at reasonable times and places as set forth in this policy, and in a reasonable manner, non-school-sponsored material.
- B. Requests for distribution of non-school-sponsored material will be reviewed by the administration on a case-by-case basis. However, distribution of the materials listed below is always prohibited. Material is prohibited that:
 - 1. is obscene to minors;
 - 2. is libelous or slanderous;
 - 3. is pervasively indecent or vulgar or contains any indecent or vulgar language or representations, with a determination made as to the appropriateness of the material for the age level of students to which it is intended;
 - 4. advertises or promotes any product or service not permitted to minors by law;
 - 5. advocates violence or other illegal conduct;

6. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religious, or ethnic origin);
 7. presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school regulations
- C. Distribution by students and employees of nonschool-sponsored materials on school district property are subject to reasonable time, place, and manner restrictions set forth below. In making decisions regarding the time, place, and manner of distribution, the administration will consider factors including, but not limited to, the following:
1. whether the material is educationally related;
 2. the extent to which distribution is likely to cause disruption of or interference with the school district's educational objectives, discipline, or school activities;
 3. whether the materials can be distributed from the office or other isolated location so as to minimize disruption of traffic flow in hallways;
 4. the quantity or size of materials to be distributed;
 5. whether distribution would require assignment of school district staff, use of school district equipment, or other resources;
 6. whether distribution would require that non-school persons be present on the school grounds;
 7. whether the materials are a solicitation for goods or services not requested by the recipients.

V. TIME, PLACE, AND MANNER OF DISTRIBUTION

- A. No non-school-sponsored material shall be distributed during and at the place of a normal school activity if it is reasonably likely to cause a material and substantial disruption of that activity.
- B. Distribution of non-school-sponsored material is prohibited when it blocks the safe flow of traffic within corridors and entrance ways of the school, and school parking lots. Distribution shall not impede entrance to or exit from school premises in any way.
- C. No one shall coerce a student or staff member to accept any publication.
- D. The time, place, and manner of distribution will be solely within the discretion of the administration, consistent with the provisions of this policy.

VI. PROCEDURES

- A. Any student or employee wishing to distribute (as defined in this policy) nonschool-sponsored material must first submit for approval a copy of the material to the principal at least 24 hours in advance of desired distribution time, together with the following information:
 - 1. Name and phone number of the person submitting the request and, if a student, the room number of his or her first-period class.
 - 2. Date(s) and time(s) of day intended for distribution.
 - 3. Location where material will be distributed.
 - 4. If intended for students, the grade(s) of students to whom the distribution is intended.
- B. Within one school day, the principal will review the request and render a decision. In the event that permission to distribute the material is denied or limited, the person submitting the request should be informed in writing of the reasons for the denial or limitation.
- C. If the person submitting the request does not receive a response within one school day, the person shall contact the office to verify that the lack of response was not due to an inability to locate the person.
- D. If the person is dissatisfied with the decision of the principal, the person may submit a written request for appeal to the superintendent. If the person does not receive a response within three (3) school days (not counting Saturdays, Sundays, and holidays) of submitting the appeal, the person shall contact the office of the Superintendent to verify that the lack of response is not due to an inability to locate the person.
- E. Permission or denial of permission to distribute material does not imply approval or disapproval of its contents by either the school, the administration of the school, the school board, or the individual reviewing the material submitted.

VII. DISCIPLINARY ACTION

- A. Distribution by any student of non-school-sponsored material prohibited herein or in violation of the provisions of time, place, and manner of distribution as described above will be halted and disciplinary action will be taken in accordance with the school district's Student Discipline Policy.
- B. Distribution by any employee of non-school-sponsored material prohibited herein or in violation of the provisions of time, place, and manner of distribution as described above will be halted and appropriate disciplinary action will be taken, in accordance with any individual contract, collective bargaining agreement, school district policies and procedures, and/or governing statute.
- C. Any other party violating this policy will be requested to leave the school property immediately and, if necessary, the police will be called.

5. Student Attendance

I. PURPOSE

- A. The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.
- B. This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher, and administrators. This policy will assist students in attending class.

II. GENERAL STATEMENT OF POLICY

A. Responsibilities

1. Student's Responsibility

It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

2. Parent or Guardian's Responsibility

It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

3. Teacher's Responsibility

It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

4. Administrator's Responsibility

- a. It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students, to maintain accurate records on student attendance, and to prepare a list of the previous day's absences stating the status of each. Finally, it is the

administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.

- b. In accordance with the Minnesota Compulsory Instruction Law, Minn. Stat. § 120A.22, the students of the school district are REQUIRED to attend all assigned classes and/or study halls every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed state and school district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.

B. Attendance Procedures

Attendance procedures shall be presented to the school board for review and approval. When approved by the school board, the attendance procedures will be included as an addendum to this policy.

1. Excused Absences

- a. To be considered an excused absence, the student's parent or legal guardian may be asked to verify, in writing, the reason for the student's absence from school. A note from a physician or a licensed mental health professional stating that the student cannot attend school is a valid excuse.
- b. The following reasons shall be sufficient to constitute excused absences:
 - (1) Illness.
 - (2) Serious illness in the student's immediate family.
 - (3) A death or funeral in the student's immediate family or of a close friend or relative.
 - (4) Medical, dental, or orthodontic treatment, or a counseling appointment.

 - (7) Physical emergency conditions such as fire, flood, storm, etc.
 - (8) Official school field trip or other school-sponsored outing.

- (12) A student's condition that requires ongoing treatment for a mental health diagnosis.

c. Consequences of Excused Absences

- (1) Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments deemed appropriate by the classroom teacher.
- (2) Work missed because of absence must be made up within 2 days from the date of the student's return to school. Any work not completed within this period shall result in "no credit" for the missed assignment. However, the building principal or the classroom teacher may extend the time allowed for completion of make-up work in the case of an extended illness or other extenuating circumstances.

2. Unexcused Absences

a. The following are examples of absences which will not be excused:

- (5) Vacations with family.
- (6) Personal trips to schools or colleges.
- (7) Absences resulting from cumulated unexcused tardies (**3 tardies** equal one unexcused absence).

- (3) In cases of recurring unexcused absences, the administration may also request the county attorney to file a petition with the juvenile court, pursuant to Minnesota statutes.
- (4) Students with unexcused absences shall be subject to discipline in the following manner:
 - (a) From the first through the 3 cumulated unexcused absence in a semester the student will not be allowed to make up work missed due to such absence.
 - (b) After the 5 cumulated unexcused absence in a semester a student's parent or guardian will be notified by certified mail that his or her child is nearing a total of 10 unexcused absences and that, after the 8 unexcused absence, the student's grade shall be reduced by one increment for each unexcused absence thereafter.
 - (c) After such notification, the student or his or her parent or guardian may, within a reasonable time, request a conference with school officials regarding the student's absences and the prescribed discipline. The notification will state that the school strongly urges the student's parent or guardian to request such a conference.
 - (d) After 7 consecutive unexcused absences by the student will be reported to Nobles County Family Human Services, and a truancy petition will be completed by the school with human services.
 - (e) After 8 cumulative unexcused absences in a semester the teacher will reduce the student's letter grade by one increment for each unexcused absence thereafter (i.e. A to A-). However, prior to reducing the student's grade, an administrative conference must be held among the principal, student and parent.
 - (f) After 10 cumulated unexcused absences in a semester the administration may impose the loss of academic credit in the class or classes from which the student has been absent. However, prior to loss of credit, an administrative conference must be held among the principal, student, and parent.

- (g) If the result of a grade reduction or loss of credit has the effect of an expulsion, the school district will follow the procedures set forth in the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

Bullying Prohibition

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with students' ability to learn and teachers' ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, it is the school district's intent to prevent bullying and to take action to investigate, respond, remediate, and discipline those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, and other similar disruptive behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school district property or at school-related functions. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students, or employees. The misuse of technology including, but not limited to, teasing, intimidating, defaming, threatening, or terrorizing another student, teacher, administrator, volunteer, contractor, or other employee of the school district by sending or posting e-mail messages, instant messages, text messages, digital pictures or images, or website postings, including blogs, also may constitute an act of bullying regardless of whether such acts are committed on or off school district property and/or with or without the use of school district resources.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.

F. A person who engages in an act of bullying, reprisal, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline for that act in accordance with school district's policies and procedures. The school district may take into account the following factors:

1. The developmental and maturity levels of the parties involved;
2. The levels of harm, surrounding circumstances, and nature of the behavior;
3. Past incidences or past or continuing patterns of behavior;
4. The relationship between the parties involved; and
5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from positive behavioral interventions up to and including **suspension and/or expulsion**. Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge. Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

G. The school district will act to investigate all complaints of bullying and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

A. "Bullying" means any written or verbal expression, physical act or gesture, or pattern thereof, by a student that is intended to cause or is perceived as causing distress to a student or a group of students and which substantially interferes with another student's or students' educational benefits, opportunities, or performance. Bullying includes, but is not limited to, conduct by a student against another student or a group of students that a reasonable person under the circumstances knows or should know has the effect of:

1. harming a student or a group of students;
2. damaging a student's or a group of students' property;
3. placing a student or a group of students in reasonable fear of harm to person or property;
4. creating a hostile educational environment for a student or a group of students;
or

- 5. intimidating a student or a group of students.
- B. “Immediately” means as soon as possible but in no event longer than 24 hours.
- C. “On school district property or at school-related functions” means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student’s walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the victim of bullying or any person with knowledge or belief of conduct that may constitute bullying shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district’s ability to take action against an alleged perpetrator based solely on an anonymous report may be limited.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal of each building or available from the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal’s designee, or the building supervisor (hereinafter building report taker) is the person responsible for receiving reports of bullying at the building level. Any person may report bullying directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.
- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who receives a report of, observes, or has other knowledge or belief of conduct that may constitute bullying shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying in a timely manner may be subject to disciplinary action.
- E. Reports of bullying are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law.
- F. Submission of a good faith complaint or report of bullying will not affect the complainant’s or reporter’s future employment, grades, or work assignments, or educational or work environment.

- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Upon receipt of a complaint or report of bullying, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.
- B. The school district may take immediate steps, at its discretion, to protect the complainant, reporter, students, or others pending completion of an investigation of bullying, consistent with applicable law.
- C. Upon completion of the investigation, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; school district policies; and regulations.
- D. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students involved in a bullying incident and the remedial action taken, to the extent permitted by law, based on a confirmed report.

VI. REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who retaliates against any person who makes a good faith report of alleged bullying or against any person who testifies, assists, or participates in an investigation, or against any person who testifies, assists, or participates in a proceeding or hearing relating to such bullying. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment.

VII. TRAINING AND EDUCATION

- A. The school district annually will provide information and any applicable training to school district staff regarding this policy.
- B. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying.

- C. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the victim, and to make resources or referrals to resources available to victims of bullying.
- D. The school district may implement violence prevention and character development education programs to prevent and reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.

VIII. NOTICE

The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.

Student Discipline

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

In view of the foregoing and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.
- C. Principal. The school principal is given the responsibility and authority to formulate building rules and regulations necessary to enforce this policy, subject to final school board approval. The principal shall give direction and support to all school personnel performing their duties within the framework of this policy. The principal shall consult with parents of students conducting themselves in a manner contrary to the policy. The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- D. Teachers. All teachers shall be responsible for providing a well-planned teaching/learning environment and shall have primary responsibility for student conduct, with appropriate assistance from the administration. All teachers shall enforce the Code of Student Conduct. In exercising the teacher's lawful authority, a teacher may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- E. Other School District Personnel. All school district personnel shall be responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior shall be as authorized and directed by the superintendent. A school employee, school bus driver, or other agent of a school district, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student or prevent bodily harm or death to another.
- F. Parents or Legal Guardians. Parents and guardians shall be held responsible for the behavior of their children as determined by law and community practice. They are expected to cooperate with school authorities and to participate regarding the behavior of their children.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student’s tenth removal from class and make reasonable attempts to convene a meeting with the student’s parent or guardian to discuss the problem that is causing the student to be removed from class.

IX. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the pupil's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
3. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
4. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no

more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.

5. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. § 123A.05 selected to allow the pupil to progress toward meeting graduation standards under Minn. Stat. § 120B.02, although in a different setting.
6. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
7. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minn. Stat. Ch. 260C.
8. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
9. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
10. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and

substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.

11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

D. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.

8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must

state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.

18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

X. ADMISSION OR READMISSION PLAN

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student's behavior, including completing a character education program consistent with Minn. Stat. § 120B.232, Subd. 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XI. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

XII. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13.

XIII. DISABLED STUDENTS

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XIV. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of sixteen (16) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XV. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XVI. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended

changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.8.

their responsibilities with regard to the application of federal and state law to crimes committed by a student with an individualized education program.

- c. **Reasonable Force Permitted:** In removing a student with an IEP from school grounds, a school administrator, other crisis team members, or the police liaison officer or other agents of the school district, whether or not members of a crisis team, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another. The school district encourages the reporting party or complainant to use the report form available from the principal of each building or available from the school district office, but oral reports shall be considered complaints as well. Nothing in this policy shall prevent any person from reporting harassment or violence directly to a school district human rights officer or to the superintendent.
- B. In Each School Building. The building principal, the principal's designee, or the building supervisor (hereinafter building report taker) is the person responsible for receiving oral or written reports of harassment or violence prohibited by this policy at the building

level. Any adult school district personnel who receives a report of harassment or violence prohibited by this policy shall inform the building report taker immediately. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant. School district personnel who fail to inform the building report taker of a report of harassment or violence in a timely manner may be subject to disciplinary action.

Appendix 7: Discipline Policy

DISCIPLINE POLICY – STATEMENT OF POLICY

It is the position of the school districts that a fair and equitable school discipline policy will contribute to the quality of a student's educational experience. Without discipline in our school, learning cannot occur. Therefore, this school district policy has been adopted.

It is the responsibility of the school board, administrators, and teachers to safeguard the health and safety of each student. The school board and district administrators will support district personnel who, in dealing with students on disciplinary matters, act in accordance with state statute, State Board of Education regulations, and this policy.

CHAIN OF CONSEQUENCES

The chain of consequences as used in the following *student behavior guidelines* goes as follows: noon detention – after school detention – ISS – 1 day out of school suspension – 3 day out of school suspension – 5 day out of school suspension. The chain may be preceded by a conference with the teacher and/or the principal.

MISCONDUCT RELATED TO DISABILITY

A student shall not be excluded or expelled when the misconduct is related to the student's disability. When it is determined in a team meeting or a Pupil Fair Dismissal Act preceding that a student's misconduct is related to the student's disability, then the assessment, IEP, and least restrictive alternative shall be reviewed according to Minnesota Rules, part 3525.0200 to 3525.4700. M.R. 3525.2470, Subp. 3.

A suspension or expulsion of a special education student may be construed as a change of the student's IEP and may not occur without a special education staffing. The team shall:

- determine whether the misconduct is related to the handicapping condition.
- review any assessments and determine the need for further assessment.
- review the IEP and amend the goals and objectives to develop an alternative IEP program.

The team shall include at minimum a school administrator or designee, the student's regular classroom teacher, appropriate special education personnel, other support personnel, the parent/guardian and, when appropriate, the student. The IEP team will meet as soon as possible, but no later than 5 days after the incident.

STUDENT BEHAVIOR GUIDELINES

We expect students to use appropriate language.

- Language that is abusive or threatening will result in an in school suspension (ISS). Tobacco, alcohol, or other illegal drugs (chemical abuse) are not allowed on school grounds, school vehicles, during the school day or during school related activities.

- First offense is a three-day out-of-school suspension.

- Second offense is a five-day out-of-school suspension.
- Law enforcement will be contacted.
- The Family Advocate will be notified when students are referred as having a chemical abuse problem. The Family Advocate is responsible for addressing those reports of chemical abuse problems and making recommendations for appropriate responses to the individual reported cases.

The possession or use of articles that are a nuisance, illegal, or that may cause harm to persons or property is prohibited at school and school sponsored activities.

- Consequences will range from noon detention to 5-day out-of-school suspension with report to law enforcement.

PreK-8 Code of Conduct

In any community, a system of rules is necessary for successful work and learning to take place and to ensure personal safety. It is crucial that students learn the school rules and understand the value and importance of following them. Another key lesson that everyone needs to understand is the importance of staying in one's own personal space (both verbally and physically) and to respect the personal space of others. We want students to accept and understand when they have made a poor choice or have done something wrong, and accept the consequences for their behavior as part of their learning experience.

Students need to develop skill that will help them to become good citizens and community members. Included are a basic knowledge of personal rights and responsibilities, learning to resolve conflict in appropriate ways and learning to make safe, healthy choices in their daily lives. It is important for students to learn to show common courtesy and respect to others. All students need to behave in a way that allows everyone, regardless of gender, race, disability, ethnicity, personal identity, and religious affiliation, to feel free of fear and intimidation.

The consequences for misbehavior described in this regulation are designed to be fair, firm and consistent for all students in grades K-12 in the Round Lake-Brewster School Districts. They apply to the students while they are in school or any district building during regular school hours or at times they are attending district events outside the regular school day. They also apply when students are on any district property or in any district vehicle.

Because it is not possible to list every misbehavior that occurs, misbehaviors not included in this regulation will be responded to as necessary by district staff.

Administrators may involve law enforcement authorities as necessary. If a student violates a district rule which is also a violation of the law, the student will be referred to law enforcement in addition to being dealt with by district staff.

The School District encourages the reporting party or complainant to use the report form available from the principal of each building or available from the School District office, but oral reports shall be considered complaints as well. Nothing in this policy shall prevent any person from reporting harassment or violence directly to a District Human Rights Officer or to the Superintendent.

A. In Each School Building. The building principal is the person responsible for receiving oral or

written reports of religious, racial or sexual harassment or violence at the building level. Any adult School District personnel who receives a report of religious, racial or sexual harassment or violence shall inform the building principal immediately.

Upon receipt of a report, the principal must notify the School District Human Rights Officer immediately, without screening or investigating the report. The principal may request, but may not insist upon, a written complaint. A written statement of the facts alleged will be forwarded as soon as practicable by the principal to the Human Rights Officer. If the report was given verbally, the principal shall personally reduce it to written form within 24 hours and forward it to the Human Rights Officer. Failure to forward any harassment or violence report or complaint as provided herein will result in disciplinary action against the principal. If the complaint involves the building principal, the complaint shall be made or filed directly with the Superintendent or the School District Human Rights Officer by the reporting party or complainant.

B. In the District. The School Board hereby designates the Superintendent as the School District Human Rights Officer to receive reports of complaints of religious, racial or sexual harassment or violence. If the complaint involves the Human Rights Officer, the complaint shall be filed directly with the Superintendent. *

The School District shall conspicuously post the name of the Human Rights Officer including mailing address and telephone number.

C. Submission of a good faith complaint or report of religious, racial or sexual harassment or violence will not affect the complainant or reporter's future employment, grades or work assignments.

D. Use of formal reporting forms is not mandatory.

E. The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the School District's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations.

*In some School Districts the superintendent may also be the Human Rights Officer. If so, an alternative individual should be designated by the School Board.

IV. INVESTIGATION

By authority of the School District, the Human Rights Officer, upon receipt of a report or complaint alleging religious, racial or sexual harassment or violence, shall immediately undertake or authorize an investigation. The investigation may be conducted by School District officials or by a third party designated by the School District.

The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) of circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigator.

In determining whether alleged conduct constitutes a violation of this policy, the School District should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances.

In addition, the School District may take immediate steps, at its discretion, to protect the complainant, pupils, teachers, administrators or other school personnel pending completion of an

investigation of alleged religious, racial or sexual harassment or violence.

The investigation will be completed as soon as practicable. The School District Human Rights Officer shall make a written report to the Superintendent upon completion of the investigation. If the complaint involves the Superintendent, the report may be filed directly with the School Board. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

V. SCHOOL DISTRICT ACTION

A. Upon receipt of a report, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination or discharge. School district action taken for violation of this policy will be consistent with requirements of applicable collective bargaining agreements, Minnesota and federal law and school district policy.

B. The result of the School District's investigation of each complaint filed under these procedures will be reported in writing to the complainant by the school district in accordance with state and federal law regarding data or records privacy.

VI. REPRISAL

The School District will discipline or take action against any pupil, teacher, administrator or other school personnel who retaliates against any person who testifies, assists or participates in an investigation, or who testifies, assists or participates in a proceeding or hearing relating to such harassment or violence. Retaliation includes, but is not limited to, any form of intimidation, reprisal or harassment.

VII. RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES

These procedures do not deny the right of any individual to pursue other avenues of recourse, which may include filing charges with the Minnesota Department of Human Rights, initiating civil action or seeking redress under state criminal statutes and/or federal law.

VIII. HARASSMENT OR VIOLENCE AS ABUSE

Under certain circumstances, alleged harassment or violence may also be possible abuse under Minnesota Law. If so, the duties of mandatory reporting under Minn. Stat. 629.556 may be applicable.

Nothing in this policy will prohibit the School District from taking immediate action to protect victims of alleged harassment, violence or abuse.

IX. DISSEMINATION OF POLICY AND TRAINING

B. This policy shall appear in the student handbook.

C. The School District will develop a method of discussing this policy with students and employees.

D. This policy shall be reviewed at least annually for compliance with state and federal law.

HAZING PROHIBITION

II. GENERAL STATEMENT OF POLICY

A. No student, teacher, administrator, volunteer, contractor or other employee of the school district shall plan, direct, encourage, aid or engage in hazing.

B. No teacher, administrator, volunteer, contractor or other employee of the school district shall permit, condone or tolerate hazing.

C. Apparent permission or consent by a person being hazed does not lessen the prohibitions contained in this policy.

D. This policy applies to behavior that occurs on or off school property and during and after school hours.

E. A person who engages in an act that violates school policy or law in order to be initiated into or affiliated with a student organization shall be subject to discipline for that act.

F. The school district will act to investigate all the complaints of hazing and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

A. "Hazing" means committing an act against a student, or coercing a student into committing an act, that creates a substantial risk or harm to a person, in order for the student to be initiated into or affiliated with a student organization, or for any other purpose.

The term hazing includes, but is not limited to:

1. Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking or placing a harmful substance on the body.

2. Any type of physical activity such as sleep deprivation, exposure to weather, confinement in a restricted area, calisthenics or other activity that subjects the student to an unreasonable risk of harm or that adversely affect the mental or physical health or safety of the student.

3. Any activity involving the consumption of any alcoholic beverage, drug, tobacco product or any other food, liquid, or substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.

B. "Student organization" means a group, club or organization having students as its primary members or participants. It includes grade levels, class teams, activities or particular school events. A student organization does not have to be an official school organization to come within the terms of this definition.

C. Teachers, administrators, volunteers, contractors and other employees of the school district shall be particularly alert to possible situations, circumstances or events, which might include hazing. Any such person who receives a report of, observes, or has other knowledge or belief of conduct, which may constitute hazing, shall inform the building principal immediately.

D. Submission of good faith complaint or report of hazing will not affect the complainant or reporter's future employment, grades or work assignment.

IV. SCHOOL DISTRICT ACTION

A. Upon receipt of a complaint or report of hazing, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.

B. The school district may take immediate steps, at its discretion, to protect the complainant,

reporter, students, or others pending completion of an investigation of hazing.

C. Upon completion of the investigation, the school district will take appropriate action. Such action may include but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination or discharge. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements, applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act, school district policies and regulation.

V. REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor or other employee of the school district who retaliates against any person who makes a good faith report of alleged hazing or against any person who testifies, assists, or participates in a proceeding or hearing relating to such hazing. Retaliation includes, but is not limited to, any form of intimidation, reprisal or harassment.

INDEPENDENT SCHOOL DISTRICT 2907
ROUND LAKE/BREWSTER PUBLIC SCHOOL
Series number ESU-DP10 Date of Adoption 9/9/86

PUBLIC NOTICE

ANNUAL NOTIFICATION OF RIGHTS, PROTECTIONS, AND PRIVACY OF STUDENT RECORDS,

Pursuant to the requirements of ROUND LAKE/ BREWSTER School District's Policy on data privacy regarding the "Protection and Privacy of Student Records" and the requirements of Federal law (45 Code of Federal Regulations Section 99.6) the following constitutes the School District's Annual Notification to parents and students regarding data privacy practices of the school district.

The School District has adopted a Student Records Data Privacy Policy incorporating state and federal requirements as to data privacy rights in student educational records. In summary the policy provides:

A. Privacy Rights

Educational information which is collected on all students such as standardized tests (ESU-DP) will be obtained without the prior written permission of the student's parent, guardian, or the eligible student if he or she is eighteen or over or attends a post-secondary institution. This type of information is collected to assist in educational planning or evaluation. The parents, guardian, or eligible student are not legally required to allow the collection of this information. However, if the parent, guardian, or eligible student refuses to allow the school to collect the information, the school will be unable to adequately plan and evaluate the educational program of the student in question. Under limited circumstances, specific person or entities such as the State Department of Education are authorized to review this information without the consent of the parents, guardian, or eligible student. These exceptions are set out in Policy 505.1 R. In general, however, educational records which identify or could be used to identify a student, other than directory information, may not be released to members of the public without the written permission of the student's parent, guardian, or the eligible student. Copies of the ROUND LAKE/BREWSTER School District's data privacy policies and all forms used to comply with the Data Privacy Laws are available in the district office on request.

B. Inspection of Records

Parents of a student or a student who is 18 or older may request to inspect and review any of the student's educational records except those, which are, by state or federal law, made confidential. The school district will comply with the request immediately, if possible, and if not, within five days exclusive of weekends and holidays. In certain circumstances an additional five days may be required in order to comply. Copies of records may be obtained at \$.10 per page.

C. Challenge of Accuracy of Records

A parent of student age 18 or older who believes that specific information in the student's educational records is inaccurate, misleading, incomplete or violates the privacy or other rights of the student, may request that the School District amend the record in question.

If the Superintendent, within a period of 30 days, declines to amend the record as requested, the parent or student who is 18 or older will be advised in writing of their right to request and obtain a hearing.

If either the Superintendent or, after hearing, the hearing officer appointed by the School Districts, determines that the record in question is inaccurate, misleading, incomplete or violates the privacy or other rights of the student, the record will be amended, the parents or student age 21 or older will be notified of the change, and an attempt will be made to notify past recipients of the data.

If, as a result of the hearing, it is determined that the challenged record is not inaccurate,

misleading, incomplete or in violation of the privacy or other rights of the student, the parent or student of age 18 or older will be notified of their rights to place a statement with the record commenting upon it and setting out any reason for disagreeing with the decision of the School District.

The decision of the Superintendent or hearing officer is the final decision of the School District and may be appealed under the provisions of the State Administrative Procedure Act, Minn Stat. C 15, relating to contested cases.

D. Transfer of Records to Other Schools

Independent School Districts No. 2907 forwards educational records of students to other school and school districts in which a student seeks or intends to enroll upon request of the school or school district. A parent or student who is 18 years of age may request and receive a copy of the records, which are transferred and may, pursuant to this policy, challenge the accuracy of the records. However, any request for copies of or challenges to records transferred must be received prior to the forwarding of records. The district does not, however notify parents or students of age 18 or older prior to such transfer.

E. Complaints for Non-Compliance

Parents and students of age 18 or older may submit written complaints of violation of rights accorded them by 20 U.S.C. Section 1232 (g) to the Family Education Rights and Privacy Act Office, U.S. Department of Education, Room 4511, Switzer Bldg., Washington D.C. 20202

This review of the data privacy rights of students and parents in the educational records maintained by Independent School District 513 and Independent School District 516 is intended only to be a summary of the provisions of School District Policy on data privacy and applicable state and federal law.

Children may be eligible for special instruction services if they are between the ages of birth and 22, have not graduated from high school, and have a significant disability in one or more areas identified by the Minnesota Department of Education. Any person who is aware of a child who appears to need special services should contact the local school district. If an educational assessment is determined to be necessary, the parents/guardians will be involved and informed of the learners' need and special instruction and services that may be provided. Any parent/guardian or person who has questions may contact the Director of Special Education, SW/WC Co-op, Box 265, Windom, MN 56101.

Copies of the SWCS Co-op's data privacy policy are available at the local school districts or the Red Rock Ridge office. Any questions you have concerning the policy should be referred to the Director of Special Education.

INFORMATION REGARDING SECTION 504 of the REHABILITATION ACT of 1973

Section 504 is an Act, which prohibits discrimination against persons with a handicap in any program receiving Federal financial assistance. The Act defines a person with a handicap as anyone who:

1. has a mental or physical impairment which substantially limits one or more major life activities (major life activities include activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working);
2. has a record of such an impairment; or
3. is regarded as having such an impairment

In order to fulfill its obligation under Section 504, the RL/B Public Schools recognize responsibility to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a handicap will knowingly be permitted in any of the programs and practices of the school system.

If the parents or legal guardian disagrees with the determination made by the professional staff of the district, he/she has a right to a hearing with an impartial hearing officer.

The Family Educational Rights and Privacy Act (FERPA) also specifies rights related to educational records. This Act gives the parent or guardian the right to:

- (1) inspect and review his/her child's educational records;
- (2) make copies of these records;
- (3) receive a list of all individuals having access to those records;
- (4) ask for an explanation of any item in the records;
- (5) ask for an amendment to any report on the grounds that it is inaccurate, misleading, or violates the child's rights; and
- (6) a hearing on the issue if the school refuses to make the amendment.

If there are questions, please contact the Round Lake/Brewster School at (507) 842-5951.

TENNESSEN POLICY

(Periodic Tennesen Warning to Students and Parents)

The parents would be advised that:

1. Students attending school in the Round Lake/Brewster school districts will be asked to supply information to school personnel. Examples of such information requests include homework assignments, test questions, and questions during the course of classroom activities.
2. The information will be collected by the school districts in order to evaluate the student's current level of performance with respect to his or her education program, to maintain discipline within the school, and to determine the student's needs and preferences relating to his or her education program.
3. Students are not required by any law or regulation to supply data. However, the school districts expect and require that students will participate fully in their educational program by completing homework assignments and tests. Moreover, the student's refusal to supply data may prevent the school districts from assessing the student's needs and incorporating the student's preferences into the student's education program. Refusal to supply information used to evaluate a student, including homework assignments and tests, will result in a failing grade being given for the assignment. Continued failure to supply information will result in a failing grade for a particular course, and a failing grade for the year. Refusal to supply information to a school district employee's investigation on an alleged rule violation may result in action being taken without benefit of information they could have provided.
4. Data collected will be provided to school personnel having a legitimate education interest in obtaining access to the data, and to state and federal authorities having statutory rights of access to the data.
