### **JOB DESCRIPTION: FOOD SERVICE DIRECTOR**

As a Food Service Director you will oversee all daily food service operations throughout the School District. You will be accountable to participate and maintain company systems and procedures for the ordering, receiving, storing, preparing and serving of food and related products, as well as menu planning and development. You will assist in unit forecast and be accountable for financial performance. Review and stay current with USDA regulations and commodities program to ensure menus and processes are in compliance. The Food Service Director ensures that requirements for appropriate sanitation and safety levels are met and coordinates and supervises unit personnel regarding production, merchandising, quality and cost control; labor scheduling and staffing; employee training and inventory management. Maintain records to comply with Thrive Nutrition HACCP standards and accrediting agency standards. You will also be responsible for daily interaction with the school Administration, students and school district staff. Managing and motivating employees to complete tasks in a professional, safe and efficient manner. Ensure compliance with applicable health regulations and that the kitchen facility is prepared for any state or local health inspection. Perform additional duties as assigned by District Manager or Corporate staff.

### **Qualifications:**

The Director must have a passion for people and food. Taking care of our client with strong leadership skills will be critical qualities for this position. The best candidate will have a “CAN DO” attitude, strong communication skills, high energy and enthusiasm. Ideal candidates will possess ability to meet the USDA Minimum Education Standards for Directors in a school food facility. It is preferred you have a Bachelor’s Degree with 1 year school food experience or at least a minimum of a High School Diploma (or GED) and 3 years of school food experience. Other options for meeting eligibility of standards are available. The ability to manage in a diverse environment with focus on client /customer services, entrepreneurship, and growing a strong business is essential for success in this role. The ability to identify defects in the preparation and service of food and implement improved quality control procedures and communicate effectively with

clients, client customers and support staff is required. Proficiency with computers, email, POS and knowledgeable in current food trends. Possess a strong work ethic and integrity with responsibility for responding effectively to changing demands. Strength to create a positive and rewarding team environment will be critical for success. For the safety of our clients and employees all approved candidates must pass a background check and maintain a security clearance while employed.

Salary for this position based upon experience. If you meet USDA minimum standards and are looking for a great opportunity please contact Trevor Pasch (605) 228-9520 or [trevor.pasch@cbmmanagementservices.com](mailto:trevor.pasch@cbmmanagementservices.com)
